Thought for the week

In this morning's service we are doing things very differently from usual. It is the first Sunday of the month which we have decided will be a much more informal and non-traditional service which carries a particular theme. Today's theme is a celebration of St. Francis of Assisi. Traditionally this day has been celebrated by a special blessing of the animals service, for Francis was well known for his passion and care for the creatures of the earth. We won't be blessing animals today but we will focus on this precious and powerful saint and will even use his words in the celebration of the Eucharist

Thanks to all those who helped with the working bee yesterday. A lot of work was completed and the grounds are looking much better.
